DAINO REALE

Quarried in Sardinia, this marble has adorned interiors for centuries, carrying with it the elegance of Italian stone. Its surface features a creamy beige background, crossed by a banded structure with patterns in coffee, caramel, and ivory tones.

What makes Daino Reale unique is the presence of small fossils and mineral layers that add visual richness and character. These organic details give each slab a distinct personality.

TECHNICAL SPECIFICATIONS

Apparent density	2650G/cm ³
Flexural Strength	12,2 MPa
Apparent porosity	2,11%
Freezing cycles	0
Resistance to thermal shock	-0,01
Breaking load at dowel hole	1700
Water Absorption At Atmospheric Pressure	0.9%

FINISHES

- POLISH
- HONED
- ANTIQUE
- LEATHER
